U10

U12

U11 Girls

Player Information		
Given Name(s)	Surname	T-Shirt Size
School	Team Played (last season) Black, Gold, Vikings or Raiders	

Parent Information	
Name(s)	Name(s)
Phone	Phone
Email	Email

Does your child have any siblings also playing for HVFC and if so, in which grades?

Has your child ever played football before and if so, where?

Is there any reason (apart from friendship groups) that the player must be in the same team as another player?
Siblings will always be placed in the same team/group, so they are playing at the same oval. ie: Car Pooling

Does the player have any friends they would like to be in the same team with?

******* Please note we will always attempt to place players with some of their friends, but this is not always possible with the amount of children in each age group. Siblings/family reasons also play a part in this process so moving children between teams is not always easy, as it is important to keep families together at the same oval wherever possible.**

It can also mean that team sizes are not even which is unfair to all teams/kids. If a team has too few players, there may be a need to forfeit if there are not enough and the kids may not get a chance to have a break on the side lines (particularly in older grades). If there are too many, then the children will need to be sidelined for longer periods and will have less game time. Therefore, trying to even out team numbers is a priority in the spirit of fairness for all.

We appreciate that kids and families want to stick together but need to stress that they will also make other friends as a part of being a member of a club and playing a team sport. We ask that all parents consider that team placement is not an easy task with many factors to consider for all children and remind everyone that the club is run by volunteers.

We thank you for your understanding. *****

I have read and understood the above

Signed: _____

Thank you,
Sub Junior Football Operations
